# A ROOF UNDER THE STARS

**Serge Poirier,**  
General Manager of  
Caisse Desjardins de  
l'Ouest-de-l'Île

The Maison Caracol is delighted to invite you to the fundraising show "A Roof under the Stars," which will take place on Tuesday, September 24, 2024, at the Pauline-Julien Theater. This exceptional event aims to raise funds for our community-based social pediatrics center in Pierrefonds, certified by the Fondation Dr Julien, as part of our major fundraising campaign of \$1,000,000.

We are honored to announce that **Mr. Serge Poirier, General Manager of Caisse Desjardins de l'Ouest-de-l'Île**, has accepted to act as the Honorary president of this evening. His presence illustrates the commitment of the community and strengthens our determination to provide a safe and warm haven for the most vulnerable children in our community, as well as the disadvantaged families supported by Maison Caracol.

**Claire Legault,**  
Founder, General  
Director of Maison  
Caracol

This evening promises to be grandiose, with the participation of 390 guests who, like you, hold the mission of Maison Caracol close to their hearts. We warmly solicit your generosity and financial support as a sponsor of this event. Your contribution as a partner will not only contribute to the success of the evening but also to the realization of our common goal: to offer a more promising future to children and families in need.

**Together, let's provide a roof under the stars to those who need it most.**

## A NEW ROOF NEEDED

As the first community-based social pediatrics center established in 2017 in the West Island of Montreal, holding Regular Certification 1 from the Fondation Dr Julien, Maison Caracol has been a pioneer in implementing community-based social pediatrics (CSP) services to address the urgent needs of the Cloverdale community in Pierrefonds-East. This initiative quickly led to an exponential increase in its clientele.

With the aim of better serving the community, Maison Caracol relocated to a single-family home. This new facility enables the annual provision of medical care, professional services, and comprehensive development activities, while providing conducive spaces for its practitioners to offer optimal quality services.

Renovation and transformation work will be necessary to bring this residential house in line with the standards of a public building and provide spaces for workshops for children and parents. Additionally, the courtyard will be landscaped to ensure the safety of everyone and provide spaces conducive to the physical and social development of children.

# MISSION

## VULNERABLE CHILDREN FIRST AND FOREMOST

- Empower every child to reach their full potential, in accordance with the Convention on the Rights of the Child.
- Support the flourishing and optimal development of children aged 0 to 17 living in situations of great vulnerability by offering integrated social medicine services (pediatrics, social work, and law), high-quality professional services, and comprehensive development activities that meet their needs and interests.

# GOALS

## PREVENT. CARE. HEAL.

In collaboration with significant individuals in the child's environment, an interdisciplinary team, and various community partners, we accompany children along their life journey. We aim to identify early on children whose vulnerability may impact their health, development, and school integration.

We assess the child on multiple levels - physical, emotional, mental, and societal - in order to:

- Understand the origin of the difficulties experienced by the child and their family.
- Mobilize resources engaged around the family.
- Identify the child's needs.
- Develop a specific action plan for each child.

## MAISON CARACOL IN 2023

**1,318** professional interventions carried out

**51** clinic days

**413** children seen in clinics

**599** face-to-face and remote appointments

**306** psychosocial follow-ups

**280** special education follow-ups

**319** psychosocial/psychoeducation intervention follow-ups

**35** children still on the waiting list

Our Maison Caracol is a small loving world that offers all our children the opportunity to achieve their full potential while growing healthy in peace and in the dignity to which they have right.

**Michèle Vartian**  
pediatrician, MD, FRCPC
